THANK A PROF. 

Re: 2019/2020 Thank a Prof Program

Dear Prof. Fung,

Congratulations! A student has thanked you in our Thank a Prof program. Teaching and Learning Services (TLS) developed this initiative to provide students with a way to thank professors who have made a difference, big or small, in their lives.

You were thanked for the following reasons:

*Professor Fung has been so helpful and dedicated to see us improve as students. He's always available beyond his hours to discuss data mining concepts and help with inquiries about our projects. He's a great teacher who is willing to go to the basics to explain to students about machine learning principles and data mining. From the teaching to the scheduling, everything is simple and so much more efficient with him.*

*He makes students feel enthusiastic about data, and that's rare!*

*Thank you, Professor Fung!*

Please feel free to share this student's recognition of the impact of your teaching with your Chair, Director, and/or Dean. Please note that we will be posting the names of all professors recognized on the [Thank a Prof website](#). If you prefer that your name not appear, please email [tls@mcgill.ca](mailto:tls@mcgill.ca) by **August 15, 2020**.

Let me take this opportunity to thank you for your ongoing contributions to student learning at McGill. If you have any questions regarding teaching and learning or about the Thank a Prof program, please do not hesitate to contact us at [tls@mcgill.ca](mailto:tls@mcgill.ca) or visit the [Teaching and Learning Services website](#).

Once again, congratulations on making a difference.

Best regards,

Laura Winer

You were thanked for the following reasons:

*Prof Fung is patient, funny, open-minded and always available to talk---even if it's not about the class! During the time of COVID-19, he recorded his last two lectures from home for those students who wanted to get the information for our final project and yet for whatever reason, Zoom wasn't an option. He is just a pleasure to have a class with. I'll definitely be taking his next course offered in Winter 2021. Thanks Prof Fung!*
